

# Bed & Chair Monitor

DESIGNED FOR AGED CARE

## Key Benefits:

- Reduce the risk of falls
- Multi-purpose monitor
- Magnetic switch
- Built-in speaker
- Long-life battery operation
- Reliable & durable
- Integrates into most systems

## Bed and Chair Monitor

Lindon Group Out of Bed and Chair Sensor Alarms provide a cost-effective solution to monitor at-risk residents. If the resident or patient leaves the bed/chair, the unit will activate the nurse call system alerting staff of potential falls hazard. With a simple reset switch, the unit is designed to be easy for staff to set up and use. The unit also houses a built-in speaker for standalone operation if required. The monitor has different settings for sound tone, loudness and trigger time. It works with four AA batteries

## Mat Options

### Chair Mat

### Bed Mat
